## WATERJET BRICK

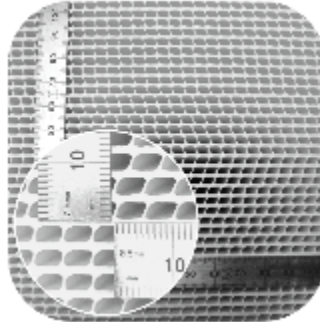

Top View Showing Welded  
Honeycomb Structure

## PRODUCT FEATURES

- ❖ Thermally Welded Construction - **No Screws or Nails used in Assembly**
- ❖ Fabricated from Multiple Layers of Honeycomb Polypropylene Sheeting - **100% Recyclable!**
- ❖ Longest Life Waterjet Brick available in the market place.
- ❖ Reduces Splash Back by channeling water away from cutting area.
- ❖ Thermal Weld Fabrication of the brick creates an accurate flat surface that prevents parts from falling through the cutting bed.
- ❖ Waterjet Bricks are now offered in three weights to fit your cutting application - Standard **4mm**, Heavy Duty **6mm** or Professional Duty **8mm** thick sheeting
- ❖ Brick Sizes of **4" x 6" x 48"**, **4" x 12" x 48"** and half sizes of **4" x 6" x 24"** and **4" x 12" x 24"**. The advantage of the **4" x 12" x 48"** brick size is that its use results in a flatter cutting bed with fewer joint seams.

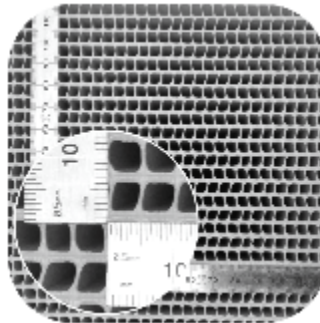

### Standard Duty Brick – 4mm Honeycomb Construction

- Most popular selling brick
- Most economical with the lowest price in the marketplace
- Ideal for Pure Water and Lite Abrasive Users
- Standard white in color, black available with surcharge

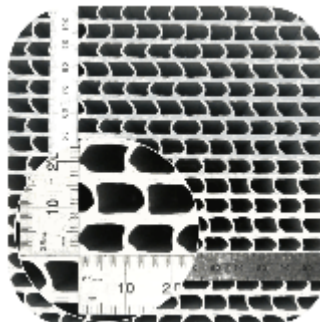

### Heavy Duty Brick – 6mm Honeycomb Construction

- Ideal for Abrasive Cutting Applications
- Slightly higher priced with increased durability
- Standard white in color, black available with surcharge

### Professional Duty Brick – 8mm Honeycomb Construction

- Ideal for Heavy Abrasive and 5 Axis Cutting Applications
- Heaviest construction in the industry for extended operating life
- Available in white only

**PRICING – FOB DALLAS, TX (AVAILABLE UPON REQUEST)**
